### Scan Customer Attestation

SAMPLE COMPANY attests that: This scan includes all components which should be in scope for PCI DSS, any component considered out-of-scope for this scan is properly segmented from my cardholder data environment, and any evidence submitted to the ASV to resolve scan exceptions is accurate and complete. SAMPLE COMPANY also acknowledges the following: 1) proper scoping of this external scan is my responsibility, and 2) this scan result only indicates whether or not my scanned systems are compliant with the external vulnerability scan requirement of the PCI

DSS; this scan result does not represent SAMPLE COMPANY's overall compliance status with PCI DSS or provide any indication of compliance with other PCI DSS requirements.

***ASV Attestation***

This scan and report was prepared and conducted by Clone Systems, Inc. under certificate number 4262-01-08, according to internal processes that meet PCI DSS requirement 11.2 and the PCI DSS ASV Program Guide.

Clone Systems, Inc. attests that the PCI DSS scan process was followed, including a manual or automated Quality Assurance process with customer boarding and scoping practices, review of results for anomalies, and review and correction of 1) disputed or incomplete results, 2) false positives, and 3) active interference. This report and any exceptions were reviewed by Clone Systems Support Team.
